

PORCH TIME...
Breezy Acres
IS QUALITY TIME

Our comfortable, American-made wooden rockers are a great choice for your porch. There are quite a few benefits to rocking on wood. Wooden furniture is green because trees reproduce, it's strong because it's fibrous, and versatile because it can be repainted to match your changing décor.

Our rockers are built with 100% Hardwood Ash. We also use the age-old technique of interlocking joinery on all of our adult rockers. This joinery method will help keep them sturdy and tight for many years.

We use premium-quality, waterproof Gorilla Glue® and Titebond® III in the joints of our rockers. We also use exclusively stainless-steel brad nails and screws in our assembly process.

We don't use care only in our construction, but also carefully spray these rockers with a premium, exterior water-based paint. After the first coat of paint is dry, we carefully sand each piece by hand. Then we spray a second coat of paint on top to give you a glossy surface that will get smoother with use.

Even though we coat our furniture with a high-quality coat of paint, all of our wooden furniture must still be kept in a sheltered place, away from moisture and the harsh elements. Constant moisture will most definitely shorten the lifespan of this wooden furniture.

We recommend regularly wiping off any accumulation of grime with a soft cloth, dampened with soapy water. With proper care, these painted rockers will last for years.

Accent Table

#105B • Burgundy
19½ w x 20¾ d x 21 h

Olde Squire

#300B • Burgundy with Natural seat
27½ w x 30¼ d x 47 h
