Countryside Rustic Log Furniture

All pieces are available in each style and finish

Our rustic log furniture is subject to the natural process of checking and cracking. The degree of checking and cracking will vary from product to product, as well as from log to log. Checking and cracking does not affect the structural performance or integrity of the wood. These small pin holes and knots with streaks of brown and gray simply add more character. We heat treat our logs to assure that there are no bugs or eggs left inside the logs. The uniqueness of our furniture gives it a rustic appeal that is very popular with rustic furniture owners.

Bring the outdoor - indoor. Our handmade log furniture is designed to be enjoyed for generations.

GREAT LAKE LOG STYLE

White Cedar Wood

Imperfections in the cedar are eliminated through German peeling.

APPALACHIAN LOG STYLE

White Cedar Wood

Bark is peeled from the cedar, keeping the natural features (knots, ambrosia, scratches).

ROCKY MOUNTAIN LOG STYLE

Colorado Aspen Wood

Bark is peeled from the wood with a drawknife to give the knots and ambrosia more character.

LOG FINISH

All furniture receives a lacquer finish
