is hand made with attention to the fine  
details. Proudly manufactured in the U.S.,  
and shipped nationwide. East Side is  
everything wonderful about wood.

A close-up photograph of a carpenter's hands working on a piece of light-colored oak wood. The carpenter is wearing a plaid shirt and a dark apron. One hand holds a red pencil, marking the wood, while the other hand holds a blue-handled tool, possibly a square or a pencil sharpener. The background shows a workshop with wooden shelves and various tools. The text "Oak Furniture" is overlaid in the center of the image.

# Custom Furniture

At East Side, we offer custom made furniture that gives you the power to design your dream piece of furniture or furniture set. Our products are made using high quality poplar or reclaimed oak. We specialize in building with reclaimed oak and value the unique look this gives to each piece. Custom-built furniture is special because it

gives you the flexibility to design according to your vision. Why let your space dictate the furniture you can buy? Create it custom and make your space work for you. At East Side, we love creating custom furniture because it allows us to work directly with our clients and make their dream designs a reality.
