FAMILY IS THE GREATEST BLESSING

I love riding my scooter through a small town on an evening where families are sitting on their front porch. Family time is important. Play together, eat together and work together. Here at the Showcase we support family businesses.

Come visit our showroom in a 52,000 square foot building. See Indiana, Ohio, and Pennsylvania furniture under one roof right here on the east coast; set up like a trade show open year round Monday thru Friday 8am - 4pm, as well as the first Saturday of each month 8am to 12pm noon.

Stay posted for our next issue of the Connection in September with a total NEW LOOK. Sign up for our e-newsletter **The Hub** for latest news, deals and steals.

The fun place to find furniture.

CRYSTAL VALLEY HARDWOODS

Written by Mark Stoltzfus

“The high road to service is traveled with integrity, compassion & understanding... people don't care how much we know until they see how much we care.”

I was raised on a farm with plenty to do. Our parents taught us a lot about the values, dedication, and persistence of hard work. My dad did not have a lot of extra time, but he did like to tinker in his hobby shop whenever he had the chance. He purchased a new table saw, which in today's industrial standards would not hold up. Needless to say, I was extremely excited when it finally arrived. I bought my own first woodworking machine when I was still a teen.

We purchased land from the home farm and started to build the homestead we still live at today back in 1994. The house was finally completed 2 years later, just in time for us to get married. The business was also started the same year, and in the spring of 1997 we went full time. That's a lot of changes in a short period of time.

My wife, Sueanna, and I are tremendously blessed with 6 healthy children (5 girls and 1 boy). Two are married with 4 total grandchildren. The family is involved in the business. Sueanna helps where she can. Our son, Brandon, and daughter, Keturah, are both involved in the assembly process. The 2 girls (Crystal & Lindsey) are still in school, but help with organizing labels to be used on the completed items.

Our inspiration for the furniture designs we offer starts with giving God the honor and glory for gifting us with the vision, wisdom, & ability to take ideas that He has given us. We value the input from you, the customers, and take those ideas to change and adjust to what we see fit, and then make it a reality.

We offer a wide range of products, all on the wholesale level. Our first items were benches & occasional tables. Then we added entertainment and office items, and bookcases. A few years back we added bedroom furniture to the line. The high end occasional and entertainment line is still the bulk of the business today. We understand that we may not be a direct fit for the customer that is solely shopping for price, although we do try to pack a lot of high end components into every piece to create noticeable value for you, while offering this service at a fair price.

From order to completion, we strive to do our best, backed by our hassle-free warranty. Service before, during, and after the sale is what we specialize in.
