Spotts Road Woodworks has been manufacturing quality pet products since 2005.

Our poly pet feeders are manufactured from recycled plastic products and feature pocket screw assembly for a solid, durable and waterproof product built to last for years. The stained pine pet feeders are made of northern white pine and hand-dipped in a medium walnut oil based stain to help resist moisture, although they are not waterproof like the poly pet feeders.

Our unique tower toy box is made of northern white pine and available painted or hand dip stain. This tower toy box is uniquely designed so your pet can access his own toys; be sure to check it out on page 11.

Thank you for your business. We look forward to serving you in 2025 and beyond.
